

Measurements for energy and environment

Industrial instrumentation solutions,
pressure transmitters and gas analysis

Fuji Electric Co., Ltd. group

Key figures

Group Headquarters
Tokyo, Japan

Established in **1923** in Tokyo, Japan

7 billion euros

Turnover 2023

(As for March 2024)

27 325 employees

198 factories & sales agencies
in **20** countries

➤ Four business segments

Industry

Energy

Semiconductors

Food and
beverage
distribution

Fuji Electric France S.A.S.

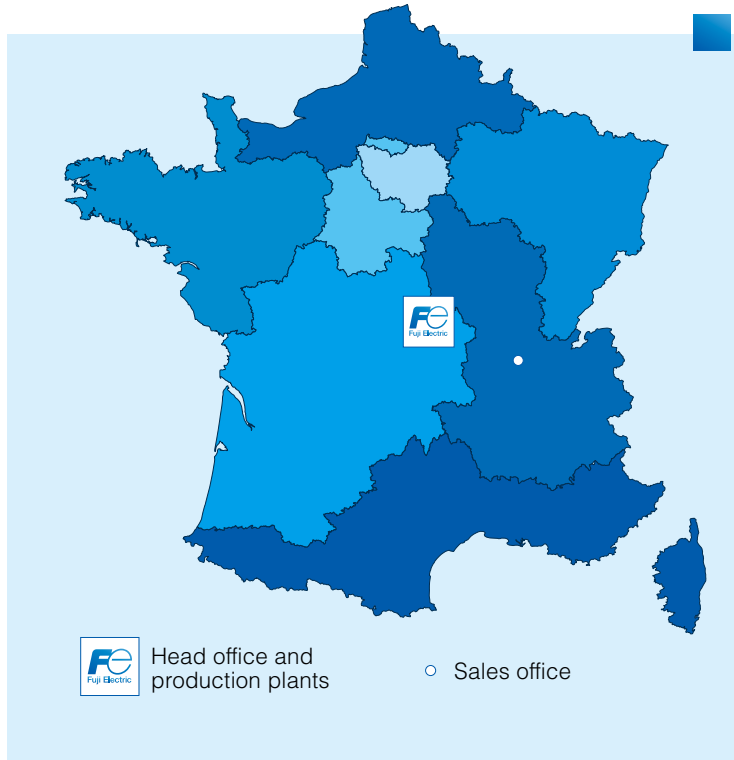

Key figures

Annual production capacity of
25 000 pressure transmitters and
150 000 variable frequency drives (VFD)

30 million Euros
Turnover 2023
(as for March 2024)

140 employees in 2 manufacturing
sites, 1 sales office

Products spread in over
50 countries in EMEA

➤ Your satisfaction is our priority

**Tailor-made
solutions**

Fuji Electric France

Specialist in process instrumentation and gas analysis

At Fuji Electric France, we combine **innovation** and **technical expertise** to deliver sustainable solutions and address the environmental challenges faced by our customers.

Backed by **25 years of experience** in designing and manufacturing **pressure transmitters**, along with our expertise in **gas analysis solutions**, we support industries in their **energy transition**.

Our mission :

« **Helping industries produce clean energy, save energy, and protect the environment for a sustainable future.** »

With a strong focus on excellence and innovation, we deliver tailored, high-performance solutions. Together, let's tackle today's challenges and build a more **responsible** and **sustainable future!**

➤ Pressure

Pressure, flow, level or density measurement.

- Differential, relative and absolute pressure transmitters
- Diaphragm seals
- Hydrostatic level measurement
- DP Flow meter with primary element

MADE IN
FRANCE

➤ Flow

Fluid flow rate measurement.

Ultrasonic flow meters for air, liquid and steam

➤ Gas analysis

Optimise industrial processes. Combustion control and atmospheric emissions monitoring.

Continuous Emission Monitoring Systems (CEMS)
Oxygen gas analysers
Multigas infrared analysers
Laser gas analysers

➤ Energy

Energy savings and measurements.

Liquid, air, gas, biogas, steam and electricity metering

➤ Temperature

Process temperature measurement.

Temperature sensors & transmitters
Signal conditioners
Digital indicators

➤ Process control

Industrial systems automation.

Variable frequency drive (VFD)
Temperature controllers
Human Machine Interfaces
APR (power controllers)

➤ Radiation protection

Ensuring the physical safety of workers.

Electronic personal dosimeters
Neutron survey meters

Solutions

A Research and Development
centre to develop tomorrow's
instrumentation solutions
with you.

Services

Maintenance contracts and commissioning of instruments

Fuji Electric provides expert guidance in metrological monitoring and maintenance of your measuring instruments.

Our team of experts works alongside you to create a **tailored maintenance plan**, perfectly aligned with your needs. We ensure the **accuracy** and **reliability** of your instruments throughout their entire lifecycle.

With our expertise, you can **minimize operational risks**, **streamline your processes**, and **maximize the value** of your installation.

Quality

Certifications & Approvals

Our commitment to excellence is reflected in compliance with rigorous standards that meet the norms applicable in each country.

We operate within an **integrated management system** driven by continuous improvement, meeting the requirements of **ISO 9001** and **ISO 14001** certifications.

Quality Certification:

ISO 9001: 2015

Quality Management Systems
(certificate N°1997/8402)

Environmental Certification:

ISO 14 001: 2015

Environmental Management Systems
(certificate N°2014/59264)

Explosive atmospheres

ATEX - IECEx - cCSAus - TR CU 012

Product compliance

UE - EAC - UKCA - RoHS - REACH

Nuclear

K3-A/1E and K3-AD/1E

Safety

SIL2 / SIL3 (IEC 61508 & IEC 61511)

Marine

DNV (Type approval)

Oil & Gas

NACE MR0103 and NACE MR0175

Environmental measures

TÜV / MCERTS QAL1 EN14181

Custody transfer

MID MI-002 Certification / Biogas CET (France)
MID MI-004 Certification
ISO 5167
